Winemaker's Notes

Our 2016 Roussanne opens up with beautiful aromas of honeysuckle, lemon, and fresh watermelon on the nose. A tropical kiss and fragrances of white flower follow through on the palate, while bright acidity and a light, lingering finish make this medium-bodied wine the perfect pairing for a spicy Thai salad..

2016 Vineyard Notes

Record warm temperatures through April, May and most of June led to a great beginning to the 2016 vintage. With the early bud break and excellent growth off the start, the cooler weather in July helped to prolong the ripening, adding desirable complexity to the flavour in the grapes. August saw temperatures back to their normal levels and near perfect ripening temperatures throughout the fall and into the harvest showed mature, well balanced fruit of outstanding intensity.
